## 'FEDERATION' AWNING - A 'HERITAGE' STYLE DROP ARM AWNING

Finding it hard to source superior awnings to suit high end renovations or new projects? Look no further, we are proud to introduce the Architect designed 'Federation' Drop Arm Awning.

### **FEATURES & BENEFITS:**

- Design by a qualified Architect
- Manufactured in Australia for Australian conditions
- Custom arm, shoulder and bracket shapes to suit most building types, heritage style architecture in particular
- A fresh and strong look with patented shaped steel and aluminium, and solid design
- Automated operation provides maximum protection for inside curtains, decor and flooring
- Fabrics contain high UV ratings to maximise sun protection
- Your choice of automatic sensors maximise awning life and sun protection

## BENEFITS & FEATURES

- 190mm straight valance (with roped edge)
- Galvanised steel arms
- Architect designed awning parts and fittings
- Sizes: max 5000mm wide x 3000mm projection
- Stylish cast metal arm detailing
- Profile cut welded steel brackets
- Your choice of fabric style and colour
- Made to measure and Australian owned design
- 2 Year warranty included

## OPTIONS

- Second arm and intermediate rail for use over outside opening doors.
- Motorised operation or manual operation via crank handle.
- Wind, sun or rain sensors for comfort and security.
- Wide painting selection to match any dwelling.
- Remote controlled or integrated into building management system.
